

## HEALTH & SAFETY

In light of the COVID-19 pandemic and because our Travel & Adventure Show (TAS) participants' health and well-being is our most important priority, TAS Show Management is working closely with our Venue management, and our other event partners on developing and implementing health and safety measures, that adhere to local health & safety guidelines for all Travel & Adventure Shows. However, since each individual's health and safety needs and concerns may differ, TAS Show Management strongly recommends that each participant carefully evaluate their personal health needs and concerns before registering for and or attending a Travel & Adventure Show in-person.

### LOCAL COVID 19 Protocols that apply to this event:

Atlanta, GA: There are no specific mandates for event participants in effect at this time.

Show Management recommends all attendees wear masks and in consultation with your health care professional be vaccinated against Covid 19 as appropriate.

### Show Management Enhancements Implemented for Health & Safety at Travel & Adventure Shows:

- **Floorplans:** to enhance additional social distancing we have added additional aisles and spread booth placements across the show floor to the extent our venue locations allow.
- **Aisles:** We have eliminated aisle carpeting to allow for frequent floor cleaning and sanitation.
- **Theaters:** We have implemented paired and spaced seating to enhance social distancing at all theaters. We have removed theater carpeting to allow enhanced cleaning and sanitation.
- **Sanitation Stations:** We have placed appropriate hand sanitation stations throughout the show floor.
- **Contactless Registration:** We have implemented a contactless registration process with full attendee contact information gathering.
- **Contactless Information Exchange:** to enhance attendee and exhibitor contact exchange please use your original ticket' QR code to transfer personal contact information which links to your Travel & Adventure Connected Marketplace Account. Your personal information will not be distributed to any persons or companies that you do not choose to scan your ticket.
- **Venue:** Many venues have additional health and safety protocols implemented regarding the Covid-19 pandemic. We encourage all participants to visit the venue website to read specific venue protocols enacted.
