To assist you in planning your participation in the show, we are certain you will appreciate knowing in advance that union labor will be required for certain aspects of your exhibit handling. To help you understand the jurisdiction the various unions have, we ask that you read the following.

TEAMSTER UNION

The Teamsters Union has jurisdiction for the operation of all material handling equipment, all unloading and reloading, and the handling of empty containers. Exhibitors may unload their own vehicles provided they do not use any material handling equipment (forklifts, flatbeds, dollies, pallet jacks, etc.).

CARPENTER UNION

Carpenters handle the erection and dismantling of display and exhibit booths. This includes all display work as well as uncrating and re-crating machinery and equipment. Carpenters install and dismantle drapery, table skirting and floor coverings.

ELECTRICAL UNION

Electricians handle all electrical work, which includes supplying power lines to your booth, connecting equipment to outlets and installing signs or banners that are lighted, unless they are permanently a part of the exhibit back wall.

FREIGHT HANDLING

Expo Event Services has the responsibility of receiving and handling all exhibit materials and empty crates. It is our responsibility to manage docks and schedule vehicles for smooth and efficient move-in and move-out of the exposition. EES will not be responsible for any material we do not handle.

WORK BREAKS & GRATUITIES

Solicitation of tips or gratuities in any form is prohibited. Please do not tip any EES employee, as all are paid at an appropriate wage scale. Paid breaks of fifteen minutes at the mid-point of each four hour block of work and a one hour meal break at the end of each four hour work period must be given to each employee. Please attempt to work your people to conform to these mandatory break periods.

IN GENERAL

Any questions arising with regard to union jurisdictions or practices should be directed to the EES manager on the floor. Craftsmen at all levels have been instructed to refrain from expressing any grievances or directly challenging the practices of any exhibitor.

LIMITS OF LIABILITY & RESPONSIBILITY

The placing of an order for services and/or equipment by an exhibitor or any agent of the exhibitor shall be construed as an offer subject to acceptance and approval of Expo Event Services in its sole discretion. Upon participation of any Expo Event Services' show or event, the Exhibitor and its agents shall be bound by the terms and conditions set forth in Sections 1 through 14 below. Likewise, once Expo Event Services has accepted and approved the Exhibitor's offer, any shipper consigning or delivering a shipment to Expo Event Services or its subcontractors on behalf of Exhibitor shall be bound by the terms and conditions set forth in Sections 1 through 14 below.

- Expo Event Services and its subcontractors shall not be liable for damage, loss, or delay to uncrated freight, freight improperly packed, glass breakage or concealed damage as determined by Expo Event Services.
- 2. Relative to inbound shipments, there may be a lapse of time between the delivery of shipment(s) to the booth by Expo Event Services or its subcontractors and the arrival of the Exhibitor's representative at the booth. Similarly, relative to outgoing shipment(s), it is possible that there will be a lapse of time between the completion of packing and the actual pickup of materials from the booth for loading onto a carrier. It is understood that during such times the shipment(s) will be left in the booth unattended. Therefore, it is agreed that Expo Event Services and its subcontractors shall not be liable for the loss of, disappearance of, or damage of any items left in the booth unattended at any time. Consequently, all bills of lading covering outgoing shipment(s) submitted to Expo Event Services or its subcontractors by the Exhibitor will be checked at the time of pickup from the booth and corrected where discrepancies exist.
- 3. Expo Event Services and its subcontractors shall not be liable for any damage incurred during the handling of materials or equipment requiring special devices to properly load, place, or reload unless 14 days advance notice has been given to Expo Event Services in time to obtain the proper equipment.
- 4. Expo Event Services and its subcontractors shall not be responsible for any loss, delay, or damage due to events beyond their reasonable control which cannot be avoided by the exercise of due care and prudence, including without limitation, strikes, labor disputes, lockouts or work stoppages of any kind, fire, theft, windstorm, water, vandalism, acts of God, failure of power or utilities, and other events of force majeure.
- 5. Expo Event Services and its subcontractors shall not be liable for ordinary wear and tear in handling of materials and/or equipment.
- 6. Expo Event Services and its subcontractors are not insurers; i.e., Expo Event Services does not insure the Exhibitor's property against loss or damage, nor does it provide for full replacement value should loss or damage occur. Insurance, if any, shall be obtained by the Exhibitor. Amounts payable by Expo Event Services under this paragraph are based on the scope of the liability as herein set forth and are unrelated to the value of the Exhibitor's property. Provisions of this paragraph shall apply if Exhibitor's property is lost or damaged through performance or nonperformance of services by Expo Event Services, or from the negligence of Expo Event Services, its subcontractors or their respective employees. If such loss or damage occurs, the liability of Expo Event Services and its subcontractors shall be limited to a sum equal to \$.30 per pound per article, with a maximum liability of \$50.00 per item or \$1,000.00 per shipment, whichever is less. This amount shall be considered Exhibitor's agreed-upon damages and exclusive remedy.
- 7. Expo Event Services and its subcontractors shall not be liable to any extent whatsoever for any indirect, special, incidental, or consequential damages, which may include, but are not limited to any actual, potential or assumed loss of profits or revenues, loss of use of equipment or products, or any collateral costs that may result from any loss or damage to Exhibitor's materials or any injury to Exhibitor's personnel which may make it impossible or impractical for Exhibitor to exhibit its materials.

- 8. Expo Event Services will not be bound to honor any claim or action brought against Expo Event Services or its subcontractors more than 60 days after the date of incident.
- 9. The Exhibitor agrees, in connection with the receipt, handling, temporary storage and reloading of its freight, that Expo Event Services and its subcontractors will provide these services as Exhibitor's agent and not as bailee or shipper. If any employee of Expo Event Services or its subcontractors sign a delivery receipt, bill of lading or other document, the parties agree that Expo Event Services or its subcontractor will do so as the Exhibitor's agent, and the Exhibitor accepts the responsibility thereof.
- 10. Expo Event Services and its subcontractors shall not be liable for shipments received without receipts, freight bills or specified unit counts on receipts or freight bills. Such shipments will be delivered to booth without guarantee of piece count or condition.
- 11. Empty container labels will be available at the Expo Event Services' Service Desk. Affixing the labels is the sole responsibility of the Exhibitor or its representative. It is understood that these labels are used for EMPTY STORAGE ONLY, and Expo Event Services and its subcontractors assume no responsibility or liability for loss or damage to contents while containers are in storage or for mislabeled containers.
- 12. In order to expedite removal of freight from the show site, Expo Event Services shall have the authority to change designated carriers, if assigned carriers do not pick up on time. Where no disposition is made by the Exhibitor, freight will be taken to a warehouse and forced shipped on a carrier determined by Expo Event Services and the Exhibitor agrees to be responsible for payment of charges relating to such handling and shipping. Expo Event Services assumes no liability as a result of rerouting or handling.
- 13. Dry and Cold Storage Exhibitor stores products at its own risk. Expo Event Services assumes no liability or responsibility for dry of cold storage.
- 14. The Exhibitor agrees, in the event of a dispute with Expo Event Services or its subcontractors related to any loss or damage to any of the Exhibitor's freight or equipment, that the Exhibitor will not withhold payment in any amount due to Expo Event Services for freight handling services or any other services provided by Expo Event Services or its subcontractors as an offset against the amount of the alleged loss or damage. Instead, the Exhibitor agrees to pay Expo Event Services prior to the close of the show for all such charges and further agrees that any claim the Exhibitor may have against Expo Event Services or its subcontractors shall be pursued independently by the Exhibitor as a completely separate transaction to be resolved on its own merits.

Be sure your freight is insured from the time it leaves your place of business until it is returned after the show. It is suggested that Exhibitors arrange all risk coverage. This can usually be done by riders to existing policies. Contact your insurance representative. Also, be sure your liability insurance is in effect during transit and return of your freight, during storage and at show site. All transit claims will be referred to the common carrier.

Shipping Guidelines

We recommend that you use TS Shipper, a freight team specializing in trade show shipping. Exhibit freight is time-sensitive, and experience counts. If you are in doubt, call Expo Event Services to assist you in planning your shipments.

Take advantage of the advance shipping and receiving services provided by TS Shipper.

Please read the "Expo Event Services' Limits of Liability and Responsibility" for important information on shipping.

Shipping Charges Please prepay all shipping charges. Expo Event Services cannot accept or be responsible for collect shipments.

Bill of Lading All shipments must have a bill of lading or delivery slip showing the number of pieces, weight, and type of merchandise. Upon shipping, immediately send copies of bills of lading to Expo Event Services and your on-site representative. Handling charges are based on the weight of the freight. Certified weight receipts are required for all shipments. Expo Event Services will estimate weight for private vehicles without certified weight receipts. Charges will be based on this estimation and no adjustments can be made. Separate mixed van shipments between crated and uncrated and clearly identify the weights of each on the bill of lading. Otherwise, Expo Event Services will invoice the entire load at the

Uncrated rate and will be unable to adjust charges later.

Consignment All shipments must be consigned c/o Expo Event Services to enable us to accept them for handling.

Shipping Labels Please use the shipping labels provided to expedite handling.

Certified Weight Receipts The weights of your vehicle empty and loaded must be documented with certified weight receipts for billing purposes. Expo Event Services will unload all

shipments after your driver submits certified weight receipts at the receiving site.

Labor and Equipment Labor and equipment for unloading and loading are included with Expo Event Services freight handling rates for services. If your material requires specialized rigging equipment, please notify us promptly so that we can make arrangements. When possible, supply your own rigging equipment with shipments and pre-rig your material.

Empty Labels Shipping cartons will be picked up, stored, and returned after the show if they are affixed with empty labels by the exhibitor. These labels are available at the Service Desk and are for empty storage only.

Outgoing Shipments Shipping information, bills of lading and labels will be available at the Expo Event Services' Service Desk. Exhibitors selecting non-official carriers will own arrangements for pickup.

Note - the basic cost of graphic production is typically included in your sales quote. Additional prep work on supplied files may require additional fees. Please contact Expo Event Services for details.

Adobe Photoshop tiff , psd, jpeg (high quality)

Adobe InDesign indd (include links)

Adobe Acrobat PDF (press quality setting)

File Transfer Options Media

Flash Drive

E-mail Attachments

FTP

DropBox

Note

With attached fonts and links Limited to maximum size 5MB zip or compression preferred

File sharing

Files obtained from the internet or artwork created in MS Office application (Word, Excel, Power Point, etc.) are often not suitable for high quality output, and typically require additional fees. Artwork should be created to full size - however for larger files i.e. Banner - artwork at 1/4 scale of actual size is acceptable. Scans should be no smaller than 300dpi at 1/4 size. To avoid additional fees associated with these file types, please supply files, at a minimum, two weeks prior to your show.

Vector Artwork

For the best quality in large format printing, artwork should be created and supplied in vector format (.ai or .eps), unless the image is a photo or image file (see bitmap/raster below). Logos and images taken from websites are generally gif's. Gif files are not acceptable as they are low resolution and will NOT print clearly. Artwork which is going too be produced in vinyl - i.e: solid company logo's or text, must be supplied in a vector format (.ai or .eps). Converting bitmap images to vector for vinyl production is a typical issue that may incur additional fees.

gif@400%

.ai / .eps@400%

Bitmap/Raster Artwork

JPEG/TIFF- We accept these formats but the original artwork must be of sufficient high resolution- 300dpi - and to size as needed for print - in order to print at the best quality.

PDF- These are print files only and can NOT be altered or versioned to fit dierent sizes. Artwork must be set up at the correct proportion and at print ready quality. Make sure images are saved at high resolution (300dpi).

Color Set Up

If your artwork utilizes PANTONE MATCHING SYSTEM (PMS), please supply a Pantone color reference. Note that Pantone colors are matched to the best possible interpretation for the specific output device and material printed on. If you would like us to match existing graphics, please provide hard copy of the graphics for reference. If your artwork utilizes CMYK values, the printer will use those.

Fonts

Convert all fonts into outlines or paths prior to uploading the files. Also please provide ALL FONTS utilized in your files. This is in case we need to edit copy or if some fonts were not converted to paths or outlines.

Frequently Asked Questions

DOES SMART CITY NETWORKS PROVIDE COMPLIMENTARY WI-FI?

Yes! Smart City Networks provides complimentary Wi-Fi in most designated public areas of the facility, such as the concourse lobbies and food courts. Check with your specific venue for locations. This service is made available to approximately 30 million guests, visitors, and attendees at our convention centers throughout the country. There is no requirement to purchase a Smart City Networks service in order to take advantage of the complimentary Wi-Fi.

WHY DOESN'T SMART CITY NETWORKS PROVIDE COMPLIMENTARY WI-FI IN THE EXHIBIT HALLS?

Exhibit halls are not public areas since this space is typically licensed to a company, government agency, or trade association for a private event. The space license agreement governs the availability of a range of services for the event and the license may or may not call for complimentary Wi-Fi services.

WILL MY PERSONAL HOTSPOT (MI-FI) WORK IN YOUR BUILDING?

Yes – however, the capability of your personal mobile hotspot is limited by your cellular carrier by the spectrum and Internet bandwidth capacity they have made available. Cellular carrier signals penetrate into a facility either from a nearby cellular tower or via an in-building Distributed Antenna System (DAS). It is important to remember that your personal mobile hotspot is obtaining a wireless signal from a shared cellular network, so service may be disrupted or become unreliable due to user density and demand on the carrier's network. In all cases, you have the option to take advantage of the complimentary Wi-Fi throughout the public areas, or if you choose, you can purchase an upgraded package based on your service requirements.

WHAT MUST BE IDENTIFIED ON MY FLOORPLANS?

Floor plans should include the surrounding booth numbers for orientation, measurements and easy identification of all required end location(s). Be sure to distinguish your main distribution line (MDL) and additional patch cables. Please reference Smart City's Communications Floorplan Worksheet.

TIP: Most of our venue's data jacks originate from a floor pocket. Be sure to submit a completed floorplan prior to the first day show move-in to avoid any additional labor charges.

Order online at: orders.smartcitynetworks.com or call 888.446.6911

DO YOU OFFER INCENTIVE RATES?

Yes! Orders received along with payment by the incentive deadline date will receive our early incentive pricing.

WHY ARE ROUTERS NOT ALLOWED ON A SHARED NETWORK?

Many times, Smart City has found that routers on a shared network are installed incorrectly, which can cause problems for other users of the network. Additionally, an accurate count of the number of devices on the network is required to determine the appropriate network size and bandwidth available to the network. For more information and to request the build-out of a special system to meet your needs, contact our team today for a quote.

CAN I PROVIDE MY OWN SWITCH AND/OR CABLING?

Yes, you can provide your own switch and patch cables for in booth cabling. Unless otherwise mandated by the venue.

Please Note: Connectivity can be guaranteed only to the point where Smart City Networks' services originate in the booth. Smart City Networks cannot guarantee service on customer/exhibitor-provided cable(s) and/or equipment. Any request for trouble diagnosis or problem resolution found not to be the fault of Smart City Networks (such as faulty equipment or damaged cable) may be billed to the exhibitor at the prevailing labor rate.

HOW MUCH BANDWIDTH DO I NEED?

To identify how much bandwidth you should require, please reach out to a technical representative in your organization, review your program specifications listed with any demonstrations or downloads you plan to run.

WHAT DOES SD, HD, AND UHD STAND FOR?

SD, HD, and UHD are the abbreviated names of three video streaming formats. The basic difference between each of the formats is the number of pixels comprising the video image. The greater the pixel count the sharper and more detailed your video will be.

FORMAT	RESOLUTION	BANDWIDTH REQUIRED		
Standard Definition (SD)	720x480	3.0-5.0 Mbps		
High Definition (HD)	1280×720 & 1920×1080	5.0-8.0 Mbps		
Ultra High Definition (UHD)	3840×2160	25 Mbps
