HI-TECH ELECTRIC (HTE) JURISDICTION

- Only HTE equipment is allowed for electrical distribution.
- Exhibitors are not permitted to bring their own distribution system.
- HTE installs all motor and equipment hook-ups requiring hard wiring connections.
- HTE performs all installations and/or repair of electrical fixtures.
- HTE performs installations of all electrical motors and electrical apparatus to be energized.
- HTE electrical labor is required to inspect pre-wired equipment that connects to HTE distribution systems. Exhibitor must give HTE notice of intended use of pre-wired equipment and schedule an inspection by HTE. HTE is not responsible for any loss or damage resulting from the use or installation of pre-wired equipment. The exhibitor is responsible for any loss or damage caused by the use or installation of pre-wired equipment to Hi-Tech distribution systems.
- HTE provides labor for all overhead truss rigging and overhead booth lighting.
- HTE performs all installations of electrical cords under any booth space flooring.
- The exhibitor, display house, and show general contractor will indemnify HTE for any and all work-related accidents.

SPECIAL EQUIPMENT

- Special equipment orders require 30 days' notice prior to move-in.
- If the exhibitor has special equipment (due to size, weight, access to booth, etc.), HTE needs to be notified to assess if installation for surrounding booths needs to be delayed in order to provide a safe path for special handling or additional delivery space. If the special equipment damages any HTE equipment, and/or requires dismantle and installation of materials at any booth, the exhibitor of the special equipment is fully responsible for repair and associated labor costs.

HI-TECH ELECTRIC MATERIALS

- All materials and equipment furnished by HTE shall remain the property of HTE and shall be removed only by HTE at the close of the show.
- All materials are inspected and tested upon energizing. Any materials that get damaged after installation and HTE testing occur, the cost of repair (including labor time and materials) is billable to the credit card on file.

FLOOR COVERINGS

Unless otherwise directed, HTE personnel are authorized to cut floor coverings to permit installation of service. HTE is not liable for any costs incurred by the exhibitor for such cuts.

RAMPING UTILITY LINES

All ramping of utility lines in booth are done on straight time plus materials. Laying lines under carpet or floor or spotting from ceiling will incur additional labor charges. Minimum per removal of lines is 1 hour each. Floor plan is required with order to show location of lines.

ESTIMATES / REVISIONS

- Estimate requests are encouraged for budgeting purposes. Requests must be received 14 days in advance before move-in begins in order to prevent delays in processing. A supporting floor plan(s) must accompany the estimate request. After the deadline, estimates may not be provided due to time restrictions and are subject to a fee. Reductions made to an existing order are subject to a 10% surcharge.
- Check, wire or ACH payments for services require a mandatory estimate. Any balance will be charged to the credit card on file unless other arrangements are made.
- If an incentive rate quote is provided after the deadline, the customer will have 3 business days to pay on the quote before the base rate will automatically go into effect.

SUPERVISION FEE

- All booths and displays with labor incur a 20% supervision fee of the total labor charge.

INVOICES

- Please note that credit card charges do not generate automatic receipts or invoices.
- Invoices are sent out via the order management system at the end of the show.
- Invoices are also available to download in the order management system under the exhibitor account: <https://hi-techelectric.boomerecommerce.com>.

- There is a 3.3% service fee discount on check, cash and electronic payments.
- Check payments sent via mail must be sent via FEDEX or UPS with tracking.
- Onsite payments must be submitted only to a Customer Service Representative or HTE Management.
- No credit or refund will be issued for connections installed and not used.
- Sending a payment without a quote and/or submitted contract does not secure the incentive rate pricing. This is also not advised.
- All balances must be settled prior to event closing. An outstanding balance may preclude the exhibitor from retaining HTE services at any future event domestically or internationally. Any amount not paid at event closing is subject to interest up to the maximum amount allowed by law. Any outstanding balance is subject to in-house collections or to a credit reporting debt collection agency.

CLAIMS AND INVOICE DISPUTES

Any claims or disputes with regards to the services provided by HTE will not be placed under review by HTE management unless filed by the exhibitor prior to the close of the exposition. Such dispute must be in writing by the exhibitor and provided to HTE management. HTE management will conduct a billing audit and handle such disputes on a case-by-case basis.

DISCONNECTION / INTERRUPTION OF SERVICES

- All services will be disconnected and/or shut-off at the conclusion of the show unless advance notice given by the exhibitor *and* acknowledged by HTE.
- Exhibitor may have services disconnected if payment has not been rendered in full at the beginning of the event.
- For safety precautions, all Island Booth power will be turned off after the installation is completed and tested. Once carpet is installed, exhibitor will need to notify HTE for the energizing of electricity.

DELAYS

- In the event the completion of work is prevented or delayed due to damage or destruction of the building, fire, accident, vandalism, earth movement, hurricane, tornado, windstorm, theft, labor strikes, warfare, material shortage, delay of any governmental agency in issuing any required permit or certificate, or in performing inspections, litigation, or any act of God, HTE is due payment for all executed work, labor, and materials.
- If your booth is located in front of a freight door/aisle, for safety reasons, it is at our discretion to delay installation until freight traffic decreases. This may result in overtime labor charges at no fault of HTE. If the responsible party still insist on installation earlier than scheduled, the exhibitor will be responsible for all repair costs of any damaged HTE materials (see page 4 "Hi-Tech Electric Materials" section).

INDEMNITY

Exhibitor agrees to indemnify, hold harmless, and defend HTE, its officers, directors, employees, agents, and representatives from and against any claim, demand, cause of action, loss, expense, or liability from or in connection with exhibitor's negligent acts or omissions of, or breach of this Agreement by the exhibitor, in connection with the performance of its obligations under this Agreement.
